

GUN RAID AT SMOKER.

Forty Detectives Capture Thirty-two Men and Fourteen Revolvers. Forty Brooklyn detectives under Inspectors Grey and Coughlin raided a smoker given by Andrew Ricci in Carnegie Hall, No. 161 Bridge Street, last night, and took thirty-two prisoners and fourteen revolvers.

The raid was made because it had been reported in the notice that tickets were sold under threats.

Fourteen of the prisoners were held under the Sun law, eighteen for disorderly conduct.

John Espalito started for one of the detectives and was persuaded with a blackjack to be quiet.

LIBERTY LIGHTING CELEBRATION PLAN NEARLY COMPLETE

Final Arrangements to Be Made To-Day—Speakers at Wilson Dinner Selected.

Speakers announced in connection with the illumination of the Statue of Liberty to-morrow evening include former Senator Chauncey M. Depew, Ambassador Jusserand, Henry L. Doherty and Ralph Pulitzer. Mr. Depew made one of his greatest public speeches on the occasion of the dedication of the statue thirty years ago. These speakers will be heard at the official dinner which is to follow the inauguration of the permanent flood lighting system at a signal from President Wilson.

Dock Commissioner Smith will board the Presidential yacht Mayflower to-day to arrange with Lieut. Commander Robert L. Barry the details of caring for the President while he embarks at the Seventy-ninth Street, North River, landing, and disembarks at Pier A, Battery.

At the same time deputies appointed by the Police and Street Cleaning Commissioners, with Walter Neumuller, Treasurer of the Electric Vehicle Association, and R. H. Meade, President of the Fifth Avenue Coach Company, will survey the line of the President's procession from the Battery to the Waldorf-Astoria, clearing it of any obstacles.

After the lighting of the statue at a wireless signal from the President to-morrow evening the party will be landed at the Battery shortly after 6 o'clock for the drive uptown to the banquet.

A miniature Statue of Liberty will be the centre of decoration at each table. Red, white and blue flags and bunting and electrical designs will be displayed about the ballroom.

On the Mayflower, besides the President's official party, will be the French Ambassador and Mme. Jusserand.

The members of the Mayor's Committee with their wives will follow the Mayflower down the river on board the Dolphin, the yacht of the Secretary of the Navy. This will also carry the special reception committee appointed by the Mayors of Jersey City and Bayonne.

Lieut. Commander Frank McComman, senior patrol officer of the Atlantic Fleet, announces to-day that

the capital ships of the navy lying in the North River will be open to visitors each afternoon from 1 to 5 o'clock up to and including Sunday.

The vessels that may be visited are the Wyoming, New York, Texas and Connecticut. They are expected to leave Monday, going to sea for manoeuvres.

W. H. OATES, BROKER, DIES.

William Henry Oates, a grain broker, for thirty years prominent on

the Produce Exchange, was found dead yesterday morning in his apartment in the San Remo, Central Park West and Seventy-fourth Street. He was seated in an easy chair with the evening newspapers of Wednesday in his lap.

Mr. Oates was seventy years old. He was on the floor of the Exchange until 3 o'clock Wednesday and did not leave his offices in the Produce Exchange Building until 6 o'clock. Coroner Hordian and Dr. Schwartz, Mr. Oates's physician, said death was due to heart disease. Five years ago the broker's wife died suddenly of the same affliction.

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse, but you must see that it bears the signature of Chas. H. Fletcher. Castoria causes the blood to circulate properly, opens the pores of the skin and allays fever.

Genuine Castoria always bears the signature of *Chas. H. Fletcher*
